

RISE UP! FEMINIST DIGITAL ARCHIVE

2026-2030 STRATEGIC PLAN

VISION

→ To establish and maintain an accessible online digital archive of feminist activism for the public

MISSION

- Preserve feminist materials from the 1970s to 1990s in digital form, especially from marginalized and erased voices
- Share these materials through open access
- Inform current debates and understandings
- Inspire critical reflection and future activism

GUIDING PRINCIPLES

- Collective and feminist decision-making
- Equity, diversity, and inclusion
- Intergenerational leadership
- Transparency and accountability

1 Build Sustainability

Strengthen our organizational foundation

- Increase funding sources
- Implement succession planning
- Support active volunteer engagement

2 Preserve Feminist Histories

Expand and share the archive

- Extend representation of feminist activist histories
- Improve capacity for digital preservation and records management
- Enhance public access and discovery tools
- Create dynamic and inclusive online resources and exhibits

3 Advance Equity

Embed inclusive and anti-oppressive principles

- Align archival and organizational policies and practices with intersectional and anti-oppressive principles
- Implement decolonization and reconciliation principles, including the Reconciliation Framework for archiving
- Continue to diversify representation through archival collection and other resources
- Support diverse staff and volunteer involvement through equitable policies, practices, and working environments

4 Expand Community Connections

Build meaningful engagement and partnerships

- Build relationships with feminist communities, especially that have been marginalized

- Encourage intergenerational engagement and dialogue
- Develop strategic partnerships
- Increase visibility and connections through strategic communications
